# Inclusion

---

- In the morning, TAs (one per Year group) will be in class supporting learning.
- Sometimes children will need additional support for a short period e.g. handwriting practice, extra phonics practice – this will be organised by class teachers and delivered by teaching assistants in the morning. This is part of Universal Offer.
- Some children (13%) will need support for longer or may have complex barriers to learning. In this eventuality, we will call you to discuss further support, assessment and ways forward.
- These children will then access a new type of support called SEN Support which is managed and supervised by Inclusion Lead – Mrs McMeakin. She organises termly review meetings and also has Open Day Meetings on the same days as Parent consultation days.
- Children accessing Special Educational Needs (SEND) provision will be entered in the SEND school census. Evidence-based SEND Interventions take place in the afternoon. A range of TAs will be delivering these.
- Only 1%-2% of our school population will have high-needs support i.e. an Education Health Care Plan (EHCP). This provision is delivered by specialists or supported by peripatetic professionals.

# Home Learning on Teams

- Home learning will focus on consolidation of knowledge and skills such as reading, spelling, and Maths. At least once per half term topic-based learning will be set which will further develop the children's knowledge. Y6 Word Banks will be provided. Spelling rules on spelling shed (15mins), Maths (TT Rockstars and White Rose Maths) and Topic home learning will be set on Thursday and to be completed by Tuesday at 8pm.
- We aim to: acknowledge and provide regular feedback about your child's work.
- Home learning is followed up in class and the teachers will continue to train and guide the children on how best to use Teams.
- We will provide a home-learning book for the children to complete their work in and then to take photographs to upload on to teams. If you do have an issue with uploading then please send the work in on the Tuesday.
- Children will devise a timetable scheduling their home learning across the week. Please help them follow this timetable. Please make sure that your child has a comfortable place to work at home and access to a computer. (Year 4-6)
- A few children will have adapted home learning.
- Please read our general notices regularly, this will inform you of assemblies, local trips, workshops and may include other messages of importance.
- We expect ALL children to complete their home-learning. If your child does not complete their homework on TWO consecutive occasions we will, for those children in Years 4, 5 and 6: provide an opportunity to complete in school, and we will email you to explore why your child has not completed their home-learning.

## Reading – Home Learning

---

- Your child must be reading every day (20 minutes)
- They should have a book to read at home and a different book, which they will keep at school that they will be reading. Our school library is quite extensive!
- Children will be expected to work within ‘home-learning’ book to complete work that will go into assignments. Please keep this book at home.
- Please see the Curriculum Letter as it refers to online links to books within the topic.

# Reading Passports

---

- Each year group has 6 books for the children to read over the year. These will be in addition to the children's whole class texts and reading books.
- Books are high level, engaging and at or above reading expectations for that year group
- The books include poetry, non-fiction and fiction.
- Outcome: Children will be asked to write a review of the book once read and submit as part of their homework on Teams. Each time a child has completed a review of the book, the child can ask the teacher to sign this off on their passport.
- All children who complete their passport before the end of the year will receive a Reading passport certificate which will be presented in assembly.

# Maths – Home learning

---

- Maths home-learning will be linked to the White-Rose Maths sheets which will be posted on to teams. Children are also expected to regularly visit and play Timestable Rock Stars.
- Extension tasks will also be placed with home-learning.
- A few children will have adapted math home-learning to match their learning journey.
- Should you wish to further consolidate or reinforce the weekly learning in the class- you can use **White Rose Hub** videos and worksheets. Please contact your class teacher if you would like support in accessing these resources.
